An Extreme Test For Roofing

There is no more severe test for ready-roofing than service on a locomotive roundhouse. Year after year, such roofs are subjected to abnormal conditions—vibration, excessive heat, smoke, flames, flying sparks and embers. It takes a ready-roofing of unusual quality to withstand this combined assault.

Ruberoid is *that* roofing. It is built for service—built to withstand every condition to which a prepared roofing may be subjected. It embodies the manufacturing experience and laboratory control of nearly forty years devoted exclusively to the production of weatherproofing products. It has proved its worth by actual service of over a quarter of a century on hundreds of industrial plants. This furnishes the best evidence that is Ruberoid there is economy as well as permanent protection.

When you build or repair—remember the name Ruberoid. It is your assurance of service in weatherproofing products.

STARTING & LIGHTING Storage Battery

Are you loaded for bear?

THERE was once a Hunter whose Enthusiasm exceeded his Caution. He used his last Cartridge to Get a Bear. But—on the Way Back to Camp, with his Rifle Empty, he met a Bear!

There are motorists who start out with a battery that has no reserve power. They pull

the battery down with frequent starts. And when they must have one more start to invert an embarrassing engine-stall, the battery whimpers: "That's all there is—there isn't any more!"

The Prest-O-Lite Battery uses less than one four-hundredth of its power—reserves for a single start—and the generator quickly replaces that.

Rarely does an indubitably safe investment yield so high a dividend, over as long a term of years, as an investment in a Hoover for your home. For this efficient cleaner actually returns its full cost every twelve months through the savings it effects. It pays this 100% annual dividend by reducing your present carpet-cleaning expense, by lowering the cost of household help, by cleaning so thoroughly that less bundling of curtains is required, by bettering the family health through fostering greater sanitation, and by very materially prolonging the life of your valuable rugs. Only The Hoover gently beats out all nap-wearing, embedded grime, as it electrically sweeps and suction cleans. Invest in a Hoover.

A WOMAN INTERVENES

By A. MONTAGU SANDERSON
ILLUSTRATED BY DONALD S. ROSS

The photograph shows a person's face, possibly a woman, looking down. The image is partially obscured by a dark, textured object in the foreground, which could be a piece of clothing or a prop. The lighting is dramatic, with strong highlights and shadows.

WOMEN AND THEIR WORK

Edited by Ellen M. Chapman

College Women Blaze New Trails

IT WOULD seem almost to be a truism that the student body of the United States is the most progressive of any in the world. It is the only body of men and women in the United States that is not only the most progressive but also the most intelligent. *Silk Sewed Seams
Stay Securely Stitched
Always Use Corticelli*

How many times you have re-stitched a seam or a hem—simply because the thread has broken!

This need never happen—you need never do your work twice—if you stitch with *Corticelli Spool Silks* whenever you are making anything of silk, wool or velvet.

Pure silk thread is the strongest fibre in the world. And because it is clas-

sic it will stand any amount of strain. *Corticelli Spool Silks* are the finest, smoothest, most durable, easiest-to-use silks made. There are no thin spots that break—no knots to catch in the material. Just yards and yards of the best quality, most economical spool silk you ever used. A color to match every fashionable shade. Remember to ask for *Corticelli*.
